

Thank You for Your Membership!

**Only your local electric cooperative
makes you an owner of the business.**

Butler County REC exists to make sure your needs are always met, not to make a profit. Other businesses return profits to investors and stockholders. Not us. As a member-owned, not-for-profit cooperative, Butler County REC returns excess margins to members in the form of patronage dividends.

Your board of directors has elected to set aside \$562,046.39 in excess margins for 2017. These margins—retained as patronage capital—will be used to help keep the electric co-op financially sound and the quality of service as high as possible. The funds will also be used to retire debt and build equity in the co-op's distribution system. The board of directors will retire—or pay—those funds when the co-op's financial condition permits.

**Patronage dividends.
Part of the cooperative difference.**

This year, your cooperative paid back \$675,968.26 in patronage for 1999 and a portion of 2016. These funds were returned in February. Members from 1999 and 2016 with active accounts received their dividends as bill credits. Checks were issued to former cooperative members without active accounts.

We are missing contact information for the former members listed below and have not been able to deliver their patronage refund checks. **Any information regarding their current addresses will be greatly appreciated.**
