Load control receivers (LCRs) are installed at no cost to members.

Peak alert devices are given to members installing an LCR.

\$10 incentive for LCR installation. See reverse side for details.

watts smart

- Help reduce power costs by allowing us to cycle your electric storage water heater* during peak demand events. You probably won't even realize when your water heater is being cycled.
- Receive a free in-home peak alert device that gives instant updates when peak demand event is near or occurring.
- **Receive a \$10 bill credit for LCR installation after receiver is installed. Contact us at 319-267-2726 or 888-267-2726 to schedule your installation.**

*When a Marathon water heater is replaced or purchased, an LCR will be installed. Rebate on a purchased Marathon is dependent on LCR installation.
