

Call 811 Before You Dig

Protect What Really Matters

Don't start that digging, trenching or excavating project until all underground utilities have been located!

Call Iowa One Call at 811 so that utilities (electric, gas, communications, water and sewer) can mark their services. As an Iowa law, you are required to call, and locates are FREE. The call center is open 24/7. Making this one phone call can eliminate disruption of service and more importantly, reduces the chance of injury.

Know what's **below.**
Call before you dig.

Call Iowa One Call at least 48 hours before digging. It's a fast, free call that will help keep you, your family and your farm safe.
