

Focused on **YOU.**

Electric cooperatives were created to serve their members. Because we're a co-op, we're able to adapt to our community's unique needs. That's the power of co-op membership.

**OCTOBER IS NATIONAL
CO-OP MONTH**

Thank you for your membership

October is National Co-op Month

Celebrating National Co-op Month is really about celebrating YOU. Butler County REC would not exist without you. Our core business purpose is to serve as your electricity provider, but our larger mission is to help make our corner of the world a better place by being a responsible partner and good neighbor.

We're local, so we understand our communities' needs and strive to help meet them—through scholarship programs, Youth Tour, and donations to local organizations, to name a few.

The word "cooperative" is close to "cooperation," people working together toward a common goal. That's the essence of the cooperative spirit. Our employees and member-elected board members are invested in the communities in which they live and serve.

Above all, we put our members' priorities first. As your trusted energy partner, we know that saving energy and money is important to you. That's why we have numerous programs in place to help—rebates, audits, budget billing, load management. We want to empower you to manage energy use at home, and we're here to help.

We will continue to provide the highest level of reliable service you expect and deserve.

We're your local co-op. We were built by you, for you.
