

Only your electric cooperative makes you an owner of the business

Butler County REC exists to make sure YOUR needs are met, not to make a profit.

As a member of Butler County REC, you are an owner of the business and share in the excess margins in the form of patronage dividends.

Your board of directors has elected to set aside \$3,255,598.08 in excess margins for 2025. These margins—retained as patronage capital—will be used to help keep the cooperative financially sound and the quality of service as high as possible. The funds will also be used to retire debt and build equity in the co-op's distribution system. The board of directors will retire—or pay—those funds when the cooperative's financial condition permits.

Patronage dividends: Part of the cooperative difference
